IIC, JDSG College, Bokakhat on 17th May, 2024 organised Impact Lecture Series sponsored by IIC, MIC and AICTE.

This lecture session was conducted to enlighten the students and give an insight into innovation and research in entrepreneurship. The session was attended by 40 teaching and non-teaching staff of the college, 30 students from colleges and schools of nearby areas, and almost 100 students of JDSG College.

Objectives:

1. To Support IIC Institutes from rural areas a strong connection with the innovation and start up ecosystem enables at the state and national levels.

2. To promote and create awareness on innovation, start up and intellectual Property Rights among students and faculties.

Outcome:

1. Students can develop ideas about innovation and can acquire more knowledge which will help to develop their creativity.
2. Students can have better understanding about creativity and innovation and it helps to motivate the students about various entrepreneurial activities.

Activity Details:

The Institution's Innovation Cell, JDSG College, Bokakhat organized a lecture series on 17th May, 2024 in the College auditorium. The guest speakers invited were 'Padmashree Dr. Uddhab Kumar Bharali, eminent scientist and innovator, and Mrs. Rupjyoti Saikia Gogoi, noted entrepreneur. The inaugural session commenced with the welcome address by Dr. Jayanta Gogoi, Principal, JDSG College. Dr. Gogoi focused on the rapid changes in Indian education paradigm and the significance of innovation and start-ups. Dr. Chiranjib Dahal, Assistant Co-ordinator, IQAC, JDSG College, welcomed the guests and highlighted the various initiatives taken by JDSG College to encourage innovation in the college.

Padmashree Dr. Bharali began his address by focusing on his life journey and initial struggles and then moved on to his entrepreneurial achievements. He presented a plethora of innovations; approximately 140 in number, which included betel nuts peeler, specially designed artificial limbs, dheeki, paradise peeler, chair on wheels, coconut cutter, artificial hands for animals. He emphasized upon the importance of these innovations as 'society –friendly' and underlined the intrinsic relationship between technological progress and social development. He promoted the students with his enlightened speech and motivated the students to research and innovation. He also stressed on value addition in product development. His session was further completed with a question answer session with students and faculties of the college. The lecture series ended with the vote of thanks by Ms. Dikshya Saikia, Convenor, IIC, JDSG College.
