Submitted to :

Head of the Department (HOD)

Introduction

On 29th and 30th April, 2026 our English department organized an extension activity visit to Mungelal Krishnadevi Balika Vidyalaya and Namdogra Nimno Buniyadi Vidyalaya, Bokakhat. The main aim of this visit was to interact with school student, help them in their learning, and conduct educational as well as fun activities.

Organization of groups

For this programme, students were divided into groups. Each day, there were 5 groups consisting of around 20 members, and each group had a separate group leader. The group leaders were responsible for guiding their members and conducting the activities properly.

Activities Conducted

During this visit, various classroom activities were conducted for the students in an interactive manner :-

1. Introduction Session

At the beginning, we introduced ourselves and asked the students to introduce themselves. We also asked about their hobbies and interests to make them feel comfortable.

2. Storytelling Activity

A storytelling session based on folktales was conducted. Students actively participated, and prizes were given to the best performers (1st, 2nd, 3rd).

3. Drawing Activity

Students were asked to draw anything they liked. Most of them drew scenery and showed great creativity. Prizes were awarded to the top three students.

4. Educational Activities (ABCD, fill in the blanks and word making)

We conducted basic learning activities like teaching ABCD, fill in the blanks, word making and vocabulary games. These activities helped improve their basic knowledge in a fun way.

5. Co-Curricular Activities (Dance and Singing)

Students also participated in dance and singing activities, many students performed very well, including group bihu dance, which made the session fun and enjoyable.

At the end of each activity, prizes such as chocolates and pencils were distributed to the students who wins 1st, 2nd, 3rd positions.

• Role and participation

All the participants actively took part in the extension activity and worked together in a cooperative manner. The students were divided into groups. All group members performed their assigned tasks sincerely and responsibly. The group leaders coordinated the activities and ensured that everything was conducted smoothly and in an organized manner. All participants maintained discipline and encouraged the students to actively take part in the activities. When we distributed prizes like chocolates and pencil to the winners, which brought happiness and excitement among the children. which made the extension activity successful.

Experience and learning

The extension activity was a very meaningful experience for all of us, it gave us an opportunity to interact directly with school students and understand their learning environment. We felt very happy and satisfied to spend time with the children and help them in their studies through simple and enjoyable activities. We learned how to communicate effectively with young students and make them feel comfortable. We also understood the importance of patience, as every child learns at a different pace. All the group members worked together, supported each other, and managed the students properly. We also learned leadership qualities by organizing the activities and handling different responsibilities. The experience was enjoyable as well as educational. It helps us realize the value of social responsibility and the importance of contributing to society in a positive way. Such activities are very helpful for our personal growth and confidence building.

Conclusion

In conclusion, the extension activity was a very useful and enjoyable experience for all the participants. It gives us a chance to learn many new things outside the classroom. We were able to share the knowledge with the students and also learn from them. This activity helped us to develop teamwork, leadership, and communication skills. Overall, it was a valuable experience, and we would like to participate in such activities again in the future.
