7-09-2025

The Department of Commerce publishes its annual wall magazine, **"DRISTIKON,"** as a creative and intellectual platform for students to express their ideas, perspectives, talents, and innovative thoughts. The wall magazine provides an opportunity for students to participate actively in academic and co-curricular activities while developing their skills in writing, creativity, critical thinking, and artistic expression.

Theme of the Wall Magazine – 2025

The theme selected for **DRISTIKON for the year 2025** was **"Sustainable Development Goals (SDGs)."** The theme was chosen to create awareness among students about the global goals for sustainable development and to encourage them to reflect on issues relating to sustainable economic growth, social development, environmental protection, responsible consumption, quality education, gender equality, and other dimensions of sustainable development.

Inauguration

The annual wall magazine **DRISTIKON – 2025** was formally **inaugurated by Prashanta Phukan, Former faculty of Department of Commerce on 5 September 2025**. The inauguration marked an important occasion for the Department of Commerce and provided a platform to showcase the creative and intellectual contributions of its students.
